

Per saber la teva talla d'anell

Empra aquesta taula: hi trobaràs les mides espanyoles i els milímetres de diàmetre.

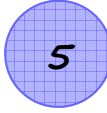

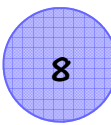

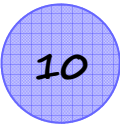

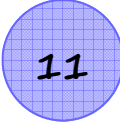

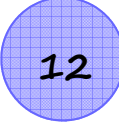

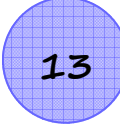

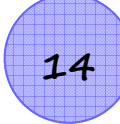

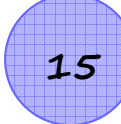

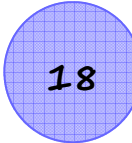

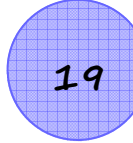

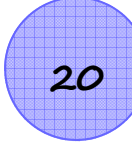

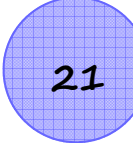

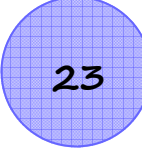

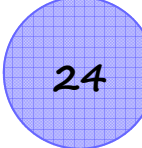

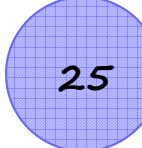

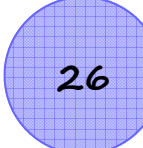

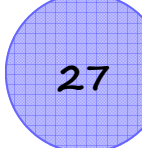

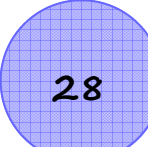

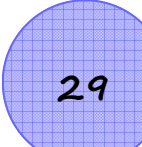

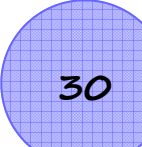

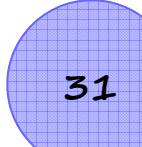

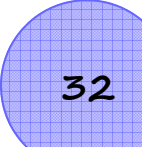

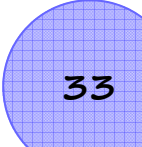

A la pàgina següent, hi ha també una taula d'equivalències amb mides internacionals.

Assegura't de que la teva impresora està a escala 100% i una vegada imprès, comprova que aquesta barra té exactament 50mm de llarg:

Posa el teu anell damunt els cercles de baix i busca la circumferència que millor coincideixi amb la part interior del teu anell: aquesta és la mida que busquem.

Hi ha molt poca diferència entre les talles, però si dubtes, t'aconsejo que agafis la més gran.
